Dear Sir:

Many thanks for writing. We really appreciate hearing from our listeners, especially when they're involved and concerned about an issue that's been discussed on the Open Mike Program.

You have my total sympathy in your problem and I fully agree there should be some sort of easy and efficient way of communication between patients and families, especially since society has seen fit to shove Polk School and Hospital so far out of town and out of sight.

Please, sir, don't drop the ball. May I suggest you contact the governor, personally, as well as the Secretary of Welfare. I believe you will find Mr. Shapp informed, sympathetic and kind.

I have taken the liberty of forwarding your communication to the local chapter of Pennsylvania Association for Retarded Children, asking them to press the regional deputy of welfare for help.

Good luck and.....

Peace,

Mike Levine
