

SECRETARY'S OFFICE

MAY 4 1973

818 Park Ave
Farrell Pa.

Mr. Wohlgemuth,

^{Asst. to} ~~My son~~ has worked at Park
State School for more than sixteen
years. Which at present is practi-
cally a mad house after your
decision to be brutal in your
firing of Mr Mc Clelland. (Whom
you did not even know. If you
had been interested in Park State
School you would observed the way
it was managed. Kindness 100%.

My letter will not be ~~all~~
you will get. I believe in the bible
and read and practice its con-
tents to a great extent. Especially
do unto others as you would etc.
Do you read or practice any of
the contents? They are really a
good way to spend your time.
'Love' is mentioned and recommended.

in many chapters. Try reading
it then practice what you read.

I am enclosing clippings of people
who have children there and know
how well things were done always.
There were many sentiments expressed
in your brutal accusations.

Please take inventory of your
better senses.

Clara C. Hamilton.
