Dear Helen Wohlgemuth and Gov. Shapp:  
Dr. Mc Clelland has done all he can and more  
on top of that for all of us Patients and  
Employees here at Polk State School and Hospital.  
I as a resident here at Polk for 23 years knows  
that the action you took was unjustified and  
Contradicting to the fact that I don't know what  
you are talking about. And everything you told was  
Nothing but a bunch of lies. Polk State School and  
Hospital has Programs five days a week from  
morning to evening. And outside Programs on  
Sat. or Sun. once in a while. you are the one that  
should of been Fired Not Dr. Mc Clelland. If you  
are that Concern you ought to come to work here at  
the school or bring one of your children here and  
see how it is runed. you never worked here so  
how do you know what goes on at Polk?

We have Summer trips from Samuel Fine  
Play Soft ball and basketball.

We have an Egg Program ~~at~~ you should come to on  
~~Monday~~ Monday nights. So see you really don't  
know what you are talking about.

Answer this letter in writing and let me  
know how do think Residents take this as a  
Shock and Jay Mc Donald did not sleep  
for 2 nights over this. And the Playpend

Were taken out and 2 attendants were hurt.  
are you for this or ~~are~~ are you for the residents  
~~to~~ <sup>to</sup> protect others or for the patients to get hurt?
