Mrs Helen Wohlgemuth
Secretary of Public Welfare
Harrisburg, Pa

APR 23 1973

DEPT. OF PUBLIC WELFARE

Ref. to _____

Madam:

I wish you to know,
that instead of ~~you~~ demeaning Dr.
James H. McCalland, it has
worked in reverse, and lifted
his stature sky high, ~~if~~ and
instead of lifting your ^{own} stature
it has worked to demean you
and your buddies in the P. C. R. C.

I worked at Polk State
School and Hospital for twenty
one years and I am in a
position to know of Dr. McCalland's
value and realize that you.

or Gov Shapp could not begin to understand, in such a short time, the mentally retarded at Polk State School and the care that they have had, which has been wonderful and far better than underprivileged children that live outside of the institution. There is no use of saying anything more for I can see ^{that} your course is set.

But please note that memories will not be short at voting time, as everyone around here and for miles around, are in an uproar over your treatment of Dr McClelland.

Yours very truly,
Alice K. Wilson
