Dear Madam

I am so happy you investigate  
Polk State School.

We have been having trouble  
for so many years. And I guess  
we are not the only parents.

I have letters concerning so  
many things that as happened  
to our son.

I have been writing since 1958  
to have something done to his  
teeth. but now they need extracted  
but this this day is not done  
signed several permits. He is  
just neglecting him.

Had to hire a lawyer to have a  
serious operation performed.

He was bit on the ear by  
a patient in 1868 the ear  
lofe was bit of.

That was a terrible thing  
to see me where out.

Ther is so many thing  
I have to say. But my  
heart is so heavy. God Bless  
those dear children.

Every thing I told you I  
have others and more besides.

your truly  
Mrs. Abelle E. P. [REDACTED]
