SUBJECT: Unannounced Visitations

TO: Dr. Harry Goldberg  
President, Parent's Group

FROM: Ruth L. Scott  
Acting Superintendent  
Western State School

On May 13, 1975 an unannounced visit was made to WSSH. Shortly after the visitation, several staff members approached me with a memorandum dated 2/5/73 which detailed the ground rules for such visits. The major concern expressed was that no member of the Board of Trustees had been included in this particular visitation group.

It is my feeling that the 2/5/73 memo ought to be reviewed at the next Liaison Committee Meeting and changes maybe suggested.

Would you like to include this on our agenda?
