Dear Mrs. Wohlgemuth

Thank God, you have begun the long hard job of cleaning up our state schools & hospitals. I hope we can some day be proud of the way we care for our retarded here in Pennsylvania.

While you are at it, some day stop in at one of the MH & MR offices, say next door here in Beaver County, and ask what they are doing. Ask them what they are doing for a little boy, seven years old named Martin R. [REDACTED]

Martin is total care, he lives at home, ask our local MH & MR people what his father would

do with him if I should get sick and have to go to the hospital.

Ask them why there are parents here in Beaver County that don't know M K & M R exist.

Ask them why we have to listen to doctors telling us our children should be in institutions.

Ask them why their people stand up at the Local P. H. R. C. meetings & tell us our institutions are good.

These are just a few of the questions I have been asking the last two years, maybe as the Boss Lady you can get the answers.

Yours truly
Mrs George R. [REDACTED]
