Mrs. Helene Wohlgenuth

Dear Madam -

Why don't you take a job at Polk - preferable in charge of patients with a man's strength and a small child's brain - then perhaps you'd know what you were talking about. That place is under staffed and over crowded and if you were using your influence to overcome those conditions you'd deserve some credit.

Instead you fire a man who has devoted a good share of his life doing the best he can (with what he has to work with) for the retarded.

Does your soft political job depend on this sort of thing? May God help you.

An outraged citizen.
