File No. _____

Dear Mrs. Clapp,

Afraid you do not understand the real situation at Polk. As you said on I.V. "so there were 3 incidents..... there will always be incidents" My dear, what you do not understand is that these incidents were on top of the usual number of incidents and each day the number of such unnecessary incidents will be compounded.

Perhaps No. 1 priority item at Polk should be to build a bigger hospital to patch up the guests (and the child care aids) who ^(will be) ~~are~~ torn asunder by their fellow guests.

Sincerely -

Afraid to sign my name.
