Helen Wollgemuth,

As a past employee at  
Packer State School and Hospital I  
am very disturbed at the unjust,  
un-merited action taken in  
the replacement of Mr. James McClelland  
Superintendent of the fine institution.

Because of my past experience  
with the children (and they are children  
mentally !!!) I know that restraints  
and enclosures are necessary for  
the protection of the patient involved,  
other patients and the employees.

As far as I am concerned  
the people making these unwarranted  
accusations have no right or the  
merit of a two or three hour visit  
to pass such cruel judgment  
on anyone, Superintendent, worker  
whoever. Why don't these people  
volunteer to go and work there to  
get a better understanding of what  
a day at Packer involves. ---

but of course, they won't because  
they wouldn't be man or woman

enough to admitt they've  
made a terrible mistake.

All I can say in  
Closing is that you people  
will get your reward if not  
on this earth -- Someday --  
God help you!
