We are appalled by your action at Las  
Vegas. We had all this type of treatment  
Did you ever work or spend anytime  
there? We feel Dr. McCollough would  
know more about this matter than  
yourself. Do you suggest hiring an attendant  
for each patient? Several of our friends  
intend writing the Governor asking you  
resign or be fired and Dr. McCollough be  
re-instated. Suggest you inspect our State  
Prison & recommend private bath & some sort  
of entertainment for these poor souls. D.H. Kerr
