

# THE MIKE LEVINE SHOW

KDKA-TV2 Group W, 1 Gateway Center, Pittsburgh, Pa. 15222, 391-3000

Norm.....

I don't really know what to do about this. It ~~is~~ inconceivable to me that patients at the state schools do not have free and open communication.

More and more I keep coming across little indications that not only are individual rights being abridged.....nobody's doing a damned thing about it. Tell me what I can do, Norman, tell me. And while you're at it, tell me why seemingly fundamental things like this aren't taken care of by the appropriate parties in the first place.

Best wishes
