Dear Mrs. Wohlemuth,

It is an injustice you did by firing Dr. Mc Clelland. Do you know what it is like to work there? Can you judge in 2 hrs.

I am a Child Care Aide I for 1 1/2 yrs. in the Nurs. building.

Have you seen a child go off? You can't control them. The parents want, that is why they are there.

We need our play pens or cages.

Have you seen a self abusive patients?

Start ask why to question instead of firing. There is a reason for everything we do and you have to know before you judge.

We wear white uniforms because they are the easiest to keep clean. When a patient has soiled, you are the one to clean him up. I don't enjoy getting soil on my street clothes.
